Panzer Corps 2 - Hero Traits Usefullness

Infantry                      Tanks                      Recon                      TDs                      Arty                      AA                      Fighters                      Tact. Bombers                      Strat. Bombers

Notes                      Zero slot hero trait is always the best hero as it consumes zero slot and can be overstrength without any slot cost for the roster.  
Combos are not listed, discover them, beware though, some of them will break the game...break as it makes it too easy.
